- 500 m drum
- 100 m ERB Box

#### MULTI-VX® 1159

1

- VIDEOCOAX® KX 6A coaxial cable**
- Core composition: 7 x 0.20 mm - Bare copper
    - Dielectric: PE - Ø 3.70 mm
    - Braid: copper alloy
  - Sheath: PVC - Black colour - Ø 6.10 mm

2

- Insulated wires 2 x 0.75mm<sup>2</sup>**
- Core composition: 24 x 0.19 mm - Bare copper
  - Insulation: PVC - Red, black colour - Ø 1.8 mm

3

- External sheath**
- Extra-flexible PVC - Black colour - Ø 5.4 mm

#### Marking

OMERIN MULTI-VX 1159 (KX 6A + 2 x 0.75mm<sup>2</sup>) + Lot N°

#### Available packings

- 250 m drum
- 150 m ERB Box

### The ERB Box

## ADVANTAGES

- ✓ Optimizes storage
- ✓ Protects cable
- ✓ Facilitates unwinding on site
- ✓ Reduce cut losses !

**The ERB Box (Easy Reel Box)**, an ingenious system developed by the OMERIN Group, both optimizes storage and products protection on site. It includes an integrated dispenser that facilitates the unwinding, and ergonomic handles improving the handling conditions.
